DECORATION DAY

It's Proper Observance in the Village
Perrysburg.

Although the day was cold and dreary, it did not dampen the ardor of the old soldier boys who came out in large numbers to attend the annual decoration services. They had seen many days that were cold and dreary, they had slept out on the cold damp ground in weather much more disagreeable than that of last Monday, and their hearts were too full of the memory of those days to allow a few clouds or cold breezes to keep them away from the duty they feel that is owing to their fallen comrades.

In the forenoon the usual procession was formed and marched to the cemeteries, where the graves were strewn with flowers.

A noteworthy feature of the procession was the band of school children who marched with the veterans and carried flowers for the graves of those who had done so much for them in earlier days.

The Perrysburg band discoursed sweet music, the old flag was carried by a veteran who knew what it meant to follow that flag, and the day was observed in a manner of which the village may well feel proud.

In the afternoon the programme of exercises at the town hall was well attended and was in every way a creditable and worthy remembrance of those who had gone before but whose memories live with the people.

The programme consisted of music appropriate to the occasion and an address by Rev. E. J. Webster, all of which were interesting, instructive, and of a nature to keep fresh in the minds of the people the great service rendered the country by those noble boys in blue who gave the best of all they possessed that our nation might live.

The Memorial Sunday service at the St. Rose de Lima Catholic church was well attended by veterans and citizens to hear Rev. Schoendorf's Memorial sermon which was a highly instructive and patriotic discourse that was greatly appreciated by the audience.

OBITUARY.

Jacob Keller was born in Baden, Germany, Dec. 22, 1842, and came to America with his parents when but a youth, and settled in Perrysburg where he lived until his death. He enlisted in the company commanded by Captain Wesley Thurston in the 11th Regiment O. V. I., commanded by Col. Sherwood, on the 8th of August, 1862, for three years, and was discharged at Salisbury, North Carolina, June 27th, 1865.

He was united in marriage with Miss Mary Neiderhouse. May 15th, 1866, and to this union were born twelve children, four of whom are still living, Rose, Edith and Thomas, of Perrysburg, and Mrs. James Brown of Fort Wayne, Ind. His wife preceded him to the grave May 26th, 1909, one year ago; and seven weeks after the mother's death a son passed into the great beyond.

Jacob Keller died of heart trouble about 1 o'clock Wednesday afternoon, while working at the East Side grain elevator in Toledo, where he has been an employee for the past 12 years. He was a kind hearted father and beloved citizen and will be remembered and held in high esteem by those who knew him, and his death will come as a personal bereavement to all who have been his comrades in the great war in which they fought.

The funeral services were conducted by Rev. E. J. Webster of the M. E. church.

THE PAST AND PRESENT

United by Formation of P. H. S. Alumni Association.

"Should Auld Acquaintance be Forgot, and Never Brought to Mind?" Well, hardly, and the success of the meeting of the Alumni Association of the Perrysburg High school is an indication that the graduates from that school do not propose that they shall lose acquaintance of old and young pupils.

There were about 125 graduates present at the meeting last Friday night and it was one of the finest social events that has been held in Perrysburg for many years.

The old school house seemed to have sent messages to each of the former pupils and told them that it was a duty they owed to the old school home to get together once a year and renew old acquaintance, and by so doing keep green in the hearts and minds of the boys and girls of today and yesterday, the many scenes of happy school life.

As the members arrived they were given badges showing the year in which they graduated, and then everybody proceeded to get acquainted, or renew old acquaintance, and have a general happy reunion.

Supt. Haylor was pressed into service as chairman of the meeting, and after singing "Old Lang Syne" by the whole "school," Mr. Haylor made a brief impromptu address in which he called to the attention of the scholars many incidents of school life that were amusing, and carried the minds of the older pupils back to the days when they were as young, as good looking and fully as frisky as the 1910ers who just received their diplomas.

Mrs. Tillie Hartshorn, the secretary, read the list of graduates, beginning with the first class of 1866, and as the names were read the representatives of the class present were ordered to "stand up" and as they did so each class received a hearty cheer from the "school," and as they did so, Superintendent Haylor looked as proud as though they were all his own pupils—and most of them were.

Miss Beach, of the class of '66, read a paper in which she welcomed the class of '10, and said many other pleasing things about the early school days. The response on behalf of '10 was read by Clarence Browne of that class.

Mrs. Kate Jamison read a very interesting paper on the subject of Originality, which was very pleasing and well received.

It seemed to be the sense of the association to continue the regular annual meetings and make a special effort to make them the annual "home coming" event of the year.

An effort will be made to secure the correct address of all living graduates of the Perrysburg High school and solicit their attendance upon the regular meetings of the association.

During the evening excellent music was furnished by a Toledo orchestra and light refreshments were served. It was a happy event, well planned, well managed and should be continued.

A Woman's Great Idea

Is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at C. P. Champney's.

WHY SALVES FAIL

TO CURE ECZEMA.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

CROSSED THE DIVIDE

Wood Countys Popular Treasurer Passes Away.

Marcus M. Fowler, Wood county's popular and worthy treasurer, passed away at his home in Bowling Green, on Thursday evening, May 26, the immediate cause of death being hemorrhage of the brain.

His illness dates back to last November when he was attacked by leukemia, for which there is no remedy, although he sought relief from the best physicians of the country.

Mr. Fowler was elected treasurer as a Democrat in 1908, which is only one indication of the high esteem in which he was held by his numerous acquaintances.

He was united in marriage with Miss Anna D. Mears, daughter of Mr. and Mrs. Thos. Mears, of LeMoyne, on Christmas day, 1884, and seven children were born to them—five of whom, with the widow survive to mourn the death of a loving husband and father.

Deceased was born October 25, 1858, and had been a member of the M. E. church, the Masonic, Odd Fellows and K. of P. orders, and his funeral was conducted Sunday, the remains being taken to his former home in Bradner, where the services were attended by a large concourse of people, members of the orders and his court house associates and numerous friends going to Bradner as an escort of honor and to pay their last respect to a worthy brother, friend and citizen.

HARMON MEASURED.

By William J. Bryan For The Presidential Chair.

Lincoln, Neb., May 26.—William J. Bryan, in today's issue of his newspaper, calls on Governor Harmon of Ohio, to come out in the open as an advocate of the nomination of a Democratic candidate for the United States senate by the party convention in the Buckeye State. The editor of the Commoner vigorously lays down the law to Governor Harmon, declaring that this is a crisis which will show his size. The tone of the article, as generally interpreted here, indicates Bryan's hostility to Harmon as a candidate for the presidency, says the correspondent of the State Journal. The editorial addressed to Governor Harmon reads as follows:

"Have you any influence with the Democratic state committee? If you have why did you not urge the committee to include the selection of a candidate for United States Senator in its call for a state convention? If you urged this upon the committee and were turned down, why didn't you appeal to the convention as Governor Marshall did? He made a fight for the nomination of a senatorial candidate and not only won a victory for the Independent Democrats but won a place among the national leaders of the party. Are you willing to follow his example? If not, how will you explain your attitude? Do you lack courage or do you prefer the dark lantern methods that are responsible for the elevation of so many corporation tools to the senate?"

Says It's a Great Crisis.

"Even if you are not an enthusiast of the popular election of senators, your personal interest in the coming state campaign ought to lead you to favor the nomination of a senator. The Republicans will have a candidate and a very weak one, too. Why conceal the Democratic candidate? If the convention does not name him the Republican papers will spend their time guessing at him. They will pick out all the objectionable men in the Democratic party and charge that these men are setting up the legislature. They may even suggest the name of John K. McLean, whose paper is one of the boldest assassins of Democratic politics. Do you think you can carry him through a campaign? This is a crisis which will show your size. Are you ready to have your measure taken?"

"If you falter, prepare to stand aside. The Democratic party is no more to be trifled with. It has suffered so much from the secret manipulation of the predatory interests that it demands daylight methods and honest politics. It is up to you, governor."
